Connector

Slide the Sealing UFO
over the tie rod

Anchor the Sealing
Connector using the
Sealing UFO

WITH SEALING RING

Or slide the Sealing
Ring over the tie rod

Anchor the Sealing
Connector using the
Sealing Ring

The water swellable sealing products by BeSealed® are based on the unique Active Sealing technology. Our products expand on contact with water. This is how they create an active seal to combat moisture infiltration. The BeSealed® products are self-correcting and thus also sealing the unevenness and imperfections of the concrete. BeSealed® is a registered trademark and a brand of Bekina® Compounds nv.
